

Race Around the Track Information and Instructions

There are five different boards with fourteen words on each board.

Board 1 is blue

Board 2 is green

Board 3 is purple

Board 4 is red

Board 5 is black

There are also five sets of fourteen colour coordinated picture cards to match with the words on the boards.

The dice have only values of 1,2 or 3 in order to increase the possibility of collecting more cards

The aim of the game is to get as many picture cards as possible.

Number of players - 2 per game board

Glue together the dice templates and give one die to each pair of players

Players select a car from the provided selection or use a counter as a marker.

Give a board and the 14 corresponding picture cards to each pair. The cards can be placed face up near the game board on the table

Players take turns to throw the die and make the appropriate number of moves (in this game lowest number is the best as there are more opportunities to gain picture cards)

When the player lands on a word he/she must read the word, then look for the correct picture, select the picture and keep it to be counted at the end. A score recording sheet is provided if required. The winner is the player with the highest number of picture cards.
