

Teach Your Students Wherever They Are In A Live & Interactive Online Virtual Classroom.

- **Our Mission:**

Our Mission is to “Help Educators Navigate their Professional Growth”.

- **Our Goals:**

We believe that every student with a web browser should have an access to a high-quality on-line learning experience.

- **Benefits:**

- No Infrastructure Cost.
- No Maintenance Cost.
- No Electricity Bill.
- No Travelling Hazards.
- Child Security During Travelling.
- Working Hours Flexibility.
- Can Be Taught Anywhere On The Earth.
- No special hardware requirement e.g Web Based Solution.

- **Salient Features:**

- Easy to Use Live & Interactive Virtual Classroom.
- Virtual Blackboard for Writing.
- Sharing of White-Board.
- Sharing of Audio and Video.
- Sharing of Presentations.
- Sharing of Computer Screen.
- Multiple Users In A Virtual Classroom.
- Instant Messaging.
- Record Live Lectures for later playback.
- Mobile/Tablet Compatible.
- On-line Test & Quiz.
- Multiple Session Can Be Conducted Simultaneously.
- Multimedia content delivery.
- Social Media is an Integral Part of the Software.
- Selling & Buying Option of Courses. Get Paid Directly Into Your Own Account. And much more.....

- **Support & Technology**

Designing courses and delivering webinar in an on-line environment is sometimes more of a necessity than a luxury. Re-creating the traditional classroom set-up in the e-Learning format is not a challenge anymore. By means of tools deployed in educational technology a trainer can quickly create a virtual classroom to teach his students wherever they are.

- **Our offers to the Educators**

We developed two login interface to enter in a virtual classroom, 1st "**Edu Talk**" is for newbie to computer and 2nd "**Members Zone**" is for advanced computer application Users. You can navigate by visiting at <https://www.saa9vi.com> --> then click on "[Online Classroom](#)" header menu. Both are free to use. By signing in "**Members Zone**" you get 25 modules in each course you create.

- **What we can do with it**

Video Demonstration: <https://youtu.be/KwbMTURP9Xo>

- **Combining Requirement of All Educators**

The Educators working in different educational environments such as home tutor, private tutors, writer, author, publishers, coaching centers, schools, universities can organize their educational pattern by 25 modules shown in fig. bellow. Working description of these modules are not provided here, but these modules are further divided Into 3 Sections: "Authoring Modules" "Interaction Modules" & "Administrative Modules" .

Authoring

  Course description
  Links
  Assessments
  Course progress

  Documents
  Tests
  Glossary

  Learning path
  Announcements
  Attendances

Interaction

  Agenda
  Users
  Assignments
  Notebook

  Forums
  Groups
  Surveys
  Course legal agreement

  Dropbox
  Chat
  Wiki
  Videoconference

Administration

 Projects
 Backup

 Reporting

 Settings

Note: It's not necessary to work and study all of the modules. Educators can choose the module with his/her own convenience to fulfill their requirements.

- Full Support System:
Registered users can reach us by live interaction module through [global link](#) of LMS or by e-mail.
The Trainers Can Download & Study Complete Guide Book : [Teachers Manual](#).
